## Legislative Session Disappointing

By Paul C. Lisle

This was a very disappointing year in the Legislature for gun owners.

We have a pro gun Governor ready to sign our gun bills but none got to her desk for signature. We had a pro gun majority in both the House and Senate ready to pass our gun bills but none got to the floor of either chamber for a vote.

What caused our gun bills to not get passed? In both the House and Senate there is an anti-gun leadership problem. Coupled to this, the Chairman of the Judiciary Committees in both the House and Senate caused the gun bills to either stall and/or die.

Senate Bill 220 and House Bill 228 were the Castle Doctrine Bills that defined the use of lethal force. The Castle Doctrine Bills protect lawful users of deadly force from criminal & civil liability when defending their home, vehicle and business. SB 220 and HB 228 arrived in the Senate Judiciary and House Judiciary Committees with three weeks left in the session. Neither was ever granted a hearing in their respective committee. SB 220 was sponsored by Senator George Munoz (D-Gallup) and HB 228 was sponsored by state Representative Candy Spence Ezzel (R-Roswell).

Senate Bill 29 and House Bill 140 was legislation eliminating the two year refresher course for concealed handgun licensees. SB 29, sponsored by state Senator Steve Neville (R-Aztec), failed on a 5 to 5 tie vote in the Senate Judiciary Committee. Several attempts to revive the measure were unsuccessful. HB 140, sponsored by state Representative Nate Gentry (R-ABQ), languished in the House Judiciary Committee for over a month, and was finally considered on the day before the Legislature adjourned.

House Bill 136 sponsored by

state Representative Zach Cook (R-Ruidoso) and Senate Bill 542, sponsored by state Senator Tim Keller (D-ABQ), would allow Concealed Handgun Licensees to protect themselves in state parks.

House Bill 148, sponsored by state Representative Bill Rehm (R-ABQ), would allow New Mexico residents to purchase long guns in non-contiguous states. HB 136 would allow concealed handguns to be carried in schools, universities, buses, all licensed liquor establishments, state parks and recreation areas and eliminate the requirement that only one concealed handgun may be carried at any given time. All of these bills met their death in their respective Judiciary Committees.

**What caused our gun bills to not get passed? In both the House and Senate there is an anti-gun leadership problem.**

The Senators and Representatives who sponsored gun bills in the Legislature this year deserve a huge thank you. For your information and future ballot action, the Chairman of the House Judiciary Committee is Al Park (D-ABQ) and the Chairman of the Senate Judiciary Committee is Richard C. Martinez (D-Espanola).

Another issue that the Legislature failed to correct and is very important to gun dealers is the State of New Mexico issuing NM drivers li-

censes to illegal immigrants.

As directed by the BATF&E, gun dealers accept driver's licenses as proof of legal residence and US citizenship. The gun dealer requests permission from the FBI to transfer the gun to the prospective buyer biased on the information, including driver's license, that the prospective buyer has furnished the dealer.

If the FBI has no adverse information on the illegal prospective buyer, the gun dealer may receive permission to transfer the gun. By transferring the gun to an illegal the gun dealer commits at least one felony and there could be other felonies depending on the transfer details. Even with the driver's license and FBI permission to transfer the gun, the dealer could end up fighting to stay out of prison. Governor Martinez worked hard to end illegal's obtaining NM Drivers Licenses but the Leadership in the Legislature defeated her efforts. The Senate Majority Floor Leader, Michael S. Sanchez (D-Belen), had a large influence in keeping the status quo.

Government is like a baby: An alimentary canal with a big appetite at one end and no sense of responsibility the other. Ronald Reagan
